

INDEPENDENT CAMPUS VISIT - ADVISORY CREDIT DOCUMENTATION

All Mt. Ararat High School sophomores and juniors are required to complete a college campus visit as an Advisory requirement.

The visit must include an Admissions Office presentation and tour. Students who did not participate in a Mt. Ararat organized trip may complete this requirement by visiting a college campus with a parent or guardian and returning this form to the Guidance Department for verification. If a college visit is the final requirement for the granting of advisory credit this year, your INC for Advisory will be converted to Pass.

A Mt. Ararat guidance staff member will contact the Admissions Office below to confirm that your student visit has been documented. Be sure to follow the college Admissions Office's procedures for documenting high school student visits.

Please try to complete this college visit as soon as possible and return this form to guidance.

The student should complete this form in legible print and both parent and student must sign verifying that all information is accurate.
